24. Ms. Ref. No.: JALCOM-D-18-00385R2 Title: Study on the microstructural evolution of Ti-Nb based alloy obtained by high-energy ball milling. **Dear Mr. Ariosto Medina**, I have the pleasure of informing you that **your paper has been accepted for publication in the Journal of Alloys and Compounds**. Your accepted manuscript will now be transferred to our production department and work will begin on creation of the proof. If we need any additional information to create the proof, we will let you know. If not, you will be contacted again in the next few days with a request to approve the proof and to complete a number of online forms that are required for publication. Thank you for submitting your work to this journal. Yours sincerely, Herbert Ipser, PhD Editor Journal of Alloys and Compounds
25. Philosophical Magazine Letters - Decision on Manuscript ID TPHL-17-Aug-0086.R2 16-Nov-2018 **Dear Dr Medina** It is a pleasure to inform you that the revised version of your manuscript entitled "Thermodynamic analysis of Fe contamination in Cu-Mo alloys processed by mechanical alloying" **has been accepted in its current form for publication in Philosophical Magazine Letters**. You will receive copy-edited proofs in due course. Please return these promptly. Note that only essential alterations are permitted at the proof stage but mistakes should of course be corrected. Thank you for your contribution. Sincerely Dr Kevin Knowles Philosophical Magazine Letters
